

PRIMA Stack Chair With Casters

The PRIMA stack chairs with casters which provide mobility, are suitable for many occasions. They can be used in an ever-changing conference or training facility, or even as guest chairs for an office or reception.

PMC-1C-PP

The contemporary design of the PRIMA stack chair with casters in black frame and polypropylene backrest and seat.

This unique compact styling makes the PRIMA stack chair with casters a great space-saving option: They are stackable and can move easily on any floor surface.
