## WAVE

The Wave range has extended the norm to include modern aesthetic detailing across the entire range, completing the total fitout. For the first time, the chair design will tie your office together, not just your choice of fabric. Wave offers the complete family solution, from TASK to EXECUTIVE and from workstation to the boardroom.

With unprecedented lumbar and kidney support to ensure the correct seating position, the Wave executive has been designed for today's modern office environment.

Wave executive chairs are available with medium or high backs, front pivot tilt, fixed height visitor.

Please refer to our Wave task brochure for the task range to compliment Wave executive.

## REGENCY

Unprecedented comfort and style. Regency is the ultimate in high back executive chairs, as Regency combines superior ergonomics, high quality craftsmanship and the latest ergonomic seating solution. Regency can compliment boardrooms or management offices with its unique stitch pattern and quality arm design. With our Unique FPT (Front Pivot Tilt) mechanism, Regency chairs pivot from behind your knee. This closely mimics the natural movement of your legs while seated. Available with FPT mechanism in medium or high back, Regency is sure to impress.

Regency is one of the very few executive chairs that you will find have been tested to level 6 AFRLD.

There is no compromise with a Regency chair.
